

Job Type **Translational Biomarker Leader, Full Time**

Work Location Basel, Switzerland

Anaveon is a clinical-stage immune-cytokine company with a non-alpha IL-2 agonist front runner ANV419. For our expanding and dynamic organization, we are looking for a Translational Biomarker Leader who will help deliver cytokine driven therapeutic breakthroughs for patients.

The Translational Biomarker Leader ensures Anaveon’s patient centric approach to drug development to deliver a high standard for quality translational results with scientific value to develop Anaveon’s clinical development pipeline.

Key Responsibilities include:

- Responsible for translating preclinical hypothesis into a clinical biomarker strategies
- Has scientific expertise of the subject and disease to champion the translation of novel scientific discoveries into clinical development opportunities or diagnostic platforms
- Leading exploratory precision medicine approaches for ANV419 in oncology
- Works closely with CMO to identify, develop, and drive disease and mechanistic biology and translational pharmacology
- Provides input to relevant regulatory and clinical documents
- Proposes, analyzes and reports exploratory biomarker analysis related to clinical programs

Qualification:

- PhD, MD or PhD/MD degree in a relevant scientific field (e.g. oncology/hematology, cancer biology, molecular biology, immunology)
- Familiar with techniques for exploring associations of biomarkers with clinical outcomes.
- Minimum of 5 years of experience in either drug discovery or drug development or relevant area of expertise for clinically oriented science and biomarker development
- Major contributions to drug development milestones (PoC, PoM, IND filings)
- Genuine presentation and communication skills
- Thrives in a fast-paced and fast-growing start-up environment

Anaveon embraces diversity and equal opportunity. We are proud to offer competitive compensation packages and an inclusive workplace that cultivates innovation through collaboration and empowerment. Please send your application to [**jobs@anaveon.com**](mailto:jobs@anaveon.com)
